News Clippings from the "Millions Now Living Will Never Die" Campaign (1919-1925)

The following are actually not clippings but the full page which contained either an ad or a news article related to what was called the "Millions" campaign. This occurred during the era of Judge J. F. Rutherford, second president of the Watchtower Society. These pages are all at various sizes so you will need to adjust the magnification as you read them.

Most of these are paid advertisements which the Bible Students put in the local newspapers to invite people to hear the lecture. There are a couple of news articles also included which illustrate how the media reported the "Millions" campaign.

RUTHERFORD AT AUDITORIUM SAYS WORLD HAS ENDED

Pastor Russell's Successor Declares New Age Has Begun and Death Will Soon Cease

Judge J. F. Rutherford, president of the International Bible Students' Association, and successor of the late Pastor Russell, spoke here last night in the Municipal auditorium to an audience that packed the house to the doors. For nearly two hours he was accorded the closest attention, as he expounded the Bible prophecies which he explained to now be in course of fulfillment. The world war and the Bolshevist movement which has followed it he declared to be clearly portrayed in the Old Testament prophecies.

With seven others, also officers and leaders of the International Bible Students Association, Judge Rutherford was sentenced last June in Brooklyn, New York, to twenty years in the federal penitentiary at Atlanta, Georgia, for having published "The Finished Mystery," a Bible commentary on the prophecies of Revelation and Ezekiel, certain passages of which were declared to be in conflict with the Espionage act, although it was claimed by the defense that the book was written in accordance with instructions left by Pastor Russell before his death and was in the printer's hands before the espionage law was passed by Congress, and before this country entered the war. It was also claimed in behalf of the defendants that opposition to "The Finished Mystery" had been instigated by the clergy, who had antipathy toward it on purely religious grounds. Rutherford and his seven associates were released on bail in March after spending nine months in the Atlanta penitentiary. The case is now pending in the circuit court of appeals.

THE END OF THE WORLD.

The speaker in part said:

For nineteen centuries students of Divine prophecy have looked for the world to end. To now state positively that that event has occurred is rather startling in view of what has been taught in the past. I expect many clergymen to take issue with me on this question, for the reason that they have viewed it from a different standpoint. The great John Calvin taught that upon the happening of this momentous event, Jesus would return to earth, that he would sit upon a cloud, which cloud would emit fire, and which fire would totally destroy everything on earth except the wicked, and that the wicked would be provided with immortal bodies so that their torture might be eternal. Many clergymen, believing that Calvin was a profound Bible student, have followed his line of thought and have taught what he taught.

The more modern clergymen differ in their views, some saying that if the world ever ends at all, that event is so many years distant in the future that it is not worth while to consider it. The majority insist that the present order will continue forever. The most of Christian people, however, have been taught that when the world ends, the earth will be destroyed.

THE EARTH ABIDES FOREVER.

The only method of determining a question of this kind is from the Bible itself; and the Scriptures plainly teach: "Thus saith the Lord that created the heavens, God himself that formed the earth and made it; he hath established it, he created it not in vain, he formed it to be inhabited;" "The earth abideth forever." (Isaiah 45:18, Eccl. 1:4.) There is a wide distinction between the words "world" and "earth." The word "world," as generally used in the Scriptures, has no reference to the material globe, but means the condition of society, or the order of things prevailing during a stated period of time. St. Peter describes the first world, which endured from Adam to the flood, and which was destroyed by water. The second world began at the time of the flood, and the Apostle states that it is to be destroyed; the Apostle adding that it will be destroyed by fire. In Biblical symbology, fire is a symbol of destruction. It does not necessarily mean literal fire, but a fiery time of trouble, destroying the old order of things and bringing in the new.

THE TIME OF THE END.

The Divine mind, foreknowing the end from the beginning, foretold the principal events that have happened, his prophets of old recorded these events, and their sayings we call prophecy. Prophecy is in fact the history of the world written in advance. The student of prophecy is enabled to interpret it in the light of history. For instance, Jehovah caused the prophet Daniel to record in brief the history of the world from the beginning of the Gentile dominion until the coming of Messiah's Kingdom. Daniel said: "I heard but I understood not." In other words, he was an instrument in Jehovah's hands. God told him at that time to seal up the words of the prophecy until "the time of the end," and stated that a proof that would mark the time of the end would be the great running to and fro in the earth and an increase of knowledge. For the past 50 years especially, man has witnessed the marvelous development of rapid transit by steam, electricity and other motive power, and the wonderful increase of knowledge in various lines, all of which mark the fulfillment of the prophecy spoken by Daniel.

THE NEW WORLD.

Our purpose in this argument is to prove by competent testimony that the old world, meaning the old order of things, has come to an end and is passing away, that the new world and new order of things is being inaugurated, that the old world has been a time in which wrong-doing, oppression and suffering predominated, that the new order will gradually reverse this condition and will ultimately establish peace universal, happiness universal, and the blessings of life everlasting to all who will render themselves in obedience to the righteous laws of the new order. If the evidence does establish such as true, then it ought to be a great anchor of hope to mankind in this hour of stress. Our purpose in presenting this argument is to bring hope to the hearts of a distressed people.

GENTILE TIMES.

The Jews were God's chosen people for many centuries, and He dealt with them to the exclusion of all others. He used them to picture or foreshadow other events to transpire on a far greater scale. He announced that his favor would be shown to the Gentiles and that this period should be one of seven symbolic times. A "time" in the Scripture is 360 years; and seven of these would be 2520 years, which mark the length of the Gentile dominion. This period had its beginning when Nebuchadnezzar, by Jehovah's permission, established the first universal Gentile government, 606 B. C. Necessarily then, this period ended in the fall of 1914, A. D. Technically speaking, with reference to time, the old world ended at that date and the old order began to rapidly degenerate, disintegrate.

We now submit a number of Scriptural reasons in proof of the point that the old world or order has ended. Every man who believes in God and who believes the Bible, and that Jesus is the Son of God and that he spoke with authority, must be convinced from this testimony that the old world has ended and that the new one is beginning. Of course higher critics and teachers of evolution concerning man will not believe. But we submit the testimony of Jesus as the best of all witnesses, and his is corroborated by the testimony of others. Five days before his crucifixion his disciples approached him privately and asked this question: "Tell us, what shall be the proof of the end of the world?" (Matthew 24:3.)

THE WORLD WAR.

We have observed that the Gentile times ended in 1914. In referring to that time, Jesus said: "The nations were angry, and thy wrath is come." Exactly on time, namely, in the autumn season of 1914, the great world-war began.

When the question was propounded to the Master by his disciples, he answered it, but his answer could not be fully understood until the events would transpire, for two reasons: First, he spoke in prophetic language and hence it could not be fully understood until fulfilled, and second, no one could have a clear understanding of it until after they had received spiritual discernment. But now, in the light of history, any reverential student of the Lord's Word can understand and appreciate His answers. First, He said:

"Then said Jesus unto them: Nation shall arise against nation, and kingdom against kingdom, and there shall be famines and pestilences and earthquakes in diverse places, all these are the beginning of sorrows." Most of the nations of Europe and America call themselves "Christian nations," and as a whole these nations are designated as "Christendom." Notwithstanding each nation claiming to be followers of the Prince of Peace, the past four years has witnessed the rising of these nations against each other, kingdom against kingdom, Catholic against Catholic, Protestant against Protestant, and the past four years have marked the bloodiest conflict the world has ever known. According to the New York Herald, the earth's population is 1,691,751,000. The total population of all the neutral countries of the earth amounted to less than 200,000,000. In other words, practically the whole world was involved, either directly or indirectly, in this great war. Such an event was never before recorded in history. This world-conflict conclusively establishes the first proof given by Jesus by which we could determine that we had reached the end of the old world, or the old order.

JEWS TO PALESTINE.

The time came when the Jews, God's chosen typical people, were cast off from His favor. And as further answer to the question as to when the world would end, Jesus said concerning the Jews: "They shall be trodden down of the Gentiles until the times of the Gentiles be fulfilled." Seeing, then, that the Gentile times ended in 1914, we should expect some marked evidence of God's favor returning to the Jews about that time.

Both Jew and Gentile have looked for the return of the Jew to Palestine to mark the end of the old world and the coming of Messiah's Kingdom. Nathan Straus, the grand old man of American Jewry, in a speech at Cooper Union, New York, delivered in 1915 after the beginning of the world-war, said: "We are living in the age when we are about to realize the two-thousand-year-old hope of the Jewish people; and I am especially glad that we are witnessing the spectacle of the whole world applauding and approving and supporting our great purpose to re-establish the Jewish people on their own soil."

REVIVING HOPES.

Jesus likened the Jewish nation to a fig tree, saying that "when the tree begins to put forth its buds, know that the summer is nigh, even at the door." In corroboration of this, the prophet of Jehovah (Jeremiah 16:13-18) shows that when God's favor returns to the Jews, it marks their re-establishment in Palestine and marks the beginning of the new order of things at the end of the old world. Near the close of 1917, Great Britain determined to aid the Jews in establishing themselves in Palestine. The American Jewish Chronicle, commenting upon this, said: "It is clear that this document means the turning point in Jewish history and may inaugurate a new and glorious chapter in the life of our people. It is by no means pure accident that two mighty Anglo-Saxon nations, Great Britain and the United States, should be the first among the great powers to recognize the Jews' right to a national homeland of their own." During the world war the control of Palestine has been wrested from the Turk. And following shortly thereupon, a commission of Jews was dispatched from Great Britain to Palestine to organize a Jewish state. Zionism for long has had in mind the re-establishment of Jews in Palestine. The Zion Commonwealth Incorporated is the name of a corporate body which has been organized and incorporated for the very purpose of establishing a Jewish state in Zion—Jerusalem. We quote the preamble of the Zion Commonwealth Incorporated.

"We, the members and shareholders of the Zion Commonwealth Incorporated, have organized and established this company for the purpose of aiding in the settlement of Jews in Palestine and for securing for our members and their descendants rights, interests and privileges in land occupied by the Zion Commonwealth Incorporated, to the end that social justice in harmony with the ideals of the prophets of Israel may be the cornerstone of the Jewish Commonwealth in Zion."

Jehovah's prophet, referring to this same time and event, said: "It shall be said, the Lord liveth, who brought up the children of Israel from the land of the north, and from all the lands whither he had driven them; and I will bring them again unto the land that I gave unto their fathers." (Jer. 16:15.)

In the March, 1919, issue of the Maccabaean appears the following news item: "News has filtered into Paris of a great Jewish migration across hundreds of miles of hostile country toward Palestine. A million and a half Jews, it is reported, are moving toward the promised land. Great caravans of men, women and children, carrying their belongings, are trekking toward the sea. The migration, it is said, is being conducted in a manner similar to the Exodus of the Jews from the land of Pharoah."

Jesus gave the return of the Jews to Palestine as one of the most conclusive proofs of the ending of the old world and the coming in of the new.

GOSPEL TO ALL.

As additional evidence, Jesus said: "The gospel of the kingdom shall be preached in all the world for a witness unto all nations, and then the end shall come." This has been fulfilled. The Bible has been translated into every known language and carried to every nation on earth. The clergyman used to tell us that all the world must be converted and brought into the church and then the end would come. But that is not what Jesus said. He stated that the testimony would be given as a witness to the world, and then the end would come.

In further reply to the disciples' query Jesus said: "As it was in the days of Noah, so shall it be at the end of the world." He then added in substance that the people gave little heed to Noah's proclamation of the end of that world. Again he said that the day would come on the people "as a thief in the night"—stealthily, quietly.

JUDGE J. F. RUTHERFORD.

For 120 years Noah told the people the world that then was would end, and they scoffed at Noah and mocked at him. At the present time of distress, and when the people greatly need comfort, the clergy as a class not only fail to tell the people the meaning of this terrible trouble—that the world has ended and the Lord's kingdom is at hand—but they treat the subject with silent contempt and scoff at any one who dares discuss it publicly. Of course, there are some exceptions to this rule; but they are very few.

MANIFESTO IN LONDON.

When Jerusalem fell into the hands of the British army, this, together with the great influx of Jews to Palestine, caused a few clergymen to meet in London and issue a manifesto, which was published throughout the world, to the effect that the return of the Jews to Palestine indicates the near establishment of the Lord's kingdom and the end of the world.

An enterprising reporter of the Chicago Herald interviewed a large number of clergymen on the question, almost all of whom scoffed at the thought. Many of them said, "I feel the present war has no more bearing on the second coming of Christ than other wars and revolutions have had." In other words, "things continue as they were from the beginning."

"Why is this so? Why is it the clergymen thus scoff?" many ask. And the Apostle Peter answers: "That ye may be mindful of the words which were spoken before by the holy prophets, and of the commandment of us the apostles of the Lord and Savior; knowing this first, that there shall come in the last days scoffers, walking after their own desires, and saying, Where is the promise of his presence (and the end of the world?) for since the fathers fell asleep all things continue as they were from the beginning of creation. For of this they willingly are ignorant."

OTHER SIGNS.

As further proof, Jesus said the true and the false Christian should develop in the churches side by side and that in the closing days of this world the true would be gathered together unto the Lord and the others would be bound in a church federation, without regard to truth. He designated this work in the close of the world as a "harvest," and then plainly said, "The harvest is the end of the world." We now see a clear fulfillment of this, in that true worshipers of the Lord gather themselves together, disregarding former creed fences, and study the Bible and seek to do the Lord's will. Whereas the church nominal unites with other institutions for popularity among men.

Additionally, Jesus answered the inquiry: "The sun shall be darkened and the moon shall not give her light, and the stars shall fall from heaven, and the powers of the heavens shall be shaken." In Revelation, he gives us the key to these symbols; the sun representing the gospel of Jesus Christ; the moon picturing the Mosaic law dispensation, and the stars the great ecclesiastical teachers. How wonderfully this is fulfilled now! The gospel of Messiah's kingdom means that Jesus Christ gave himself a ransom for all, to be testified to all in due time; that during the gospel age the church is selected, and thereafter the benefit of Christ's sacrifice will be extended to all men, that all might have one fair and impartial trial for life.

JESUS IGNORED TODAY.

This was taught by all the apostles, by the great Master, and foretold by the teachings of all the prophets. I dare say that not 3 per cent of the clergymen in the world today preach this gospel. Truly the sun is darkened. Recently the New York American published a report of a great meeting at Carnegie hall, composed of Catholic and Protestant clergymen and Jewish rabbis. In that whole conference the name of Jesus, the great Rock of the Gospel, was not mentioned, because He could not well be referred to as the Redeemer without offending the Jewish rabbis. Hence others preferred to disregard the Lord. Dr. Finley, in a speech, is quoted as saying, "If we who believe in a God (mark, there is no reference to Jesus) cannot forget our differences and our difficulties in the face of the world hatred, what hope can there be? * * * * The time is coming for Protestant, Catholic, Jew and Gentile to cooperate to the end that every child may have at least an intimation of his moral and religious inheritance."

The sacrifice of animals under the Jewish dispensation foreshadowed the great sacrifice of Jesus, which clergymen generally repudiate, because they say we are creatures of evolution and have no need of the blood of Jesus.

As ecclesiastical stars, their profession is above all others; but the great majority have fallen from the exalted position of teaching Christ Jesus and Him crucified and have taken their part in the common politics of the world, as Jesus said it would be at the end.

The best man on earth, the one who holds the highest position before God, is the honest preacher of the gospel. On the contrary, the man who poses as a teacher of the Divine Lord and then leads people into error and turns them away from the Bible is a great menace to society.

Jesus stated as a further evidence of the end of the world that the truly consecrated Christians who were humble and faithful in following Him would be persecuted because of their faithful devotion to Him and His cause. (Luke 21:12-18.) The public is well aware of the nation-wide persecution of certain Christians during the past twelve months. For the encouragement of Christians who would be called upon to endure such persecution, Jesus said: "And when these things begin to come to pass, then look up, lift up your heads, for your deliverance draweth nigh." (Luke 21:28).

FAMINE AND PESTILENCES.

Further answering the question as to the end of the world, Jesus said: That the war would be accompanied by famine and pestilences. It is a matter of public knowledge, frequently announced by the public press, that the nations of Europe are face to face with famine and would starve were it not for the food produced in America and transported to them. Under large headlines the Literary Digest prints: "The World Starving to Death. The grim spectre of famine is stalking through the earth and there is hardly a land in which its dread presence is not felt. A dangerous famine is creeping across Europe."

That the past twelve months has witnessed a great pestilence in the earth none will attempt to gainsay. The total casualties of four years of war number approximately nine million victims. The devastating pestilence known as influenza that swept the earth during the past year claimed upwards of twelve millions of victims, and scientists throughout the earth agree that an even greater pestilence now threatens mankind. The "flu" wasn't confined wholly to the countries engaged in the war; even Eskimaux tribes and the Hottentots in the Torrid Zone fell victims to this dread disease.

DISTRESS OF NATIONS.

Continuing, Jesus said that at the end of the world there would be "upon the earth distress of nations, with perplexity, the sea and the waves roaring, and men's hearts failing them for fear." Who doubts the fulfillment of this Scripture in this very hour?

Commenting on the awful time through which we are passing, President Wilson before Congress said: "These are days of great perplexity, when a great cloud hangs over the greater part of the world. It seems as if great, blind material forces have been released which had for long been held in leash and restraint."

Everywhere government officials are perplexed, financiers are in perplexity, business men are in perplexity; and generally men's hearts are failing them for fear as they face the situation.

REVOLUTION.

In the Scriptures, the term earthquake is used as the symbol of revolution. Jesus stated that revolution would follow the war as further corroborative evidence that the world had ended. All are familiar with the fearful revolution that is afflicting Russia. The public press almost daily announces that this dread condition threatens all European countries.

Revolutions are of two kinds: Bloody and bloodless. Some of the European countries have already witnessed the former. In North Dakota we have an example of the latter; a revolution changing the form or order of things without violence. In a recent issue of The Literary Digest, the North Dakota revolution is treated at length, regarding the wonderful transformation of the form of government or order of things prevailing there now. We cite these facts only for the purpose of further establishing our contention that the evidence is clear, cogent and convincing that the old world or age has ended. We believe that when the question is properly understood everybody will be glad, because it means a new order which will bring the long-looked for and long-promised blessings to mankind.

The troubles of mankind are not yet ended, the spirit of selfishness is yet prevailing, and it will require much more trouble upon mankind in order to humble the proud and put them into a proper state of mind to receive the great King, the Messiah. It was Jesus who stated, in further proof of the end of the old order, that the world would be afflicted by greater troubles. He said: "For then there shall be great tribulation, such as was not since the beginning of the world to this time; no, nor ever shall be." (Matt. 24:21.) We find much consolation in these last words of the Master, because it means, when the present disturbed conditions of mankind have passed away, there shall never be another like it in all time.

CHRISTIANITY OFFERS NO HOPE.

Many discontented peoples of earth unite themselves with various radical organizations because they believe that by so doing they can bring a better order of things. Doubtless the Bolshevists believe that they can accomplish the desire of man for the establishment of a righteous government, but the Scriptures show that their efforts will fail.

The church systems, creeds and theories offer no consolation for the ills of mankind, as indeed the Scriptures show that they would not. William T. Ellis, "The Religious Rambler," writes: "It is frankly admitted that sectarianism must go into the war's scrapheap. The soldiers who, of course, will dominate in the next generation, do not care an empty cartridge worth for church and denominational distinctions."

Canon McNutt says: "A man is not a Christian because he proves himself to be a hero, and there are more heroes than saints in the army by a long way." Nominal Christiandom, Catholic and Protestant, not only fail to tell the people that the old order has ended and that Messiah's Kingdom is at hand, but they teach nothing that holds out any hope for man in the future.

MILLIONS WILL NEVER DIE.

"Millions now living will never die"; this statement will be astounding to many. Yet this statement is just as true as it is also true that the world has ended. Jesus taught his disciples to pray: "Thy Kingdom come, thy will be done on earth, as it is done in heaven." He pointed out that the kingdom will mark the time of the beginning of the blessing for mankind. Furthermore Jesus said: "My kingdom is not of this world" (not of the old world that is just now passing away). Thus he shows that the time for the blessing of mankind is during the incoming or new order of things. An understanding of the Divine plan shows what a wonderful provision God has made for the blessing of man with life, liberty and happiness. All mankind sprang from Adam, who was created perfect, and had a perfect home in Eden. Because of his violation of God's law, he lost the right to eternal life; the right to complete happiness, and the right to full liberty. God promised Abraham: "In thy seed shall all the families of the earth be blessed." The Apostle shows that this "seed of promise" is The Christ, the Messiah, composed of Jesus the head and the members of His body designated as the church, which means the class that has been called out from the world, selected, tried and made fit during the Gospel Age. To such Jesus said when he was about to depart from the earth: "I go to prepare a place for you, and if I go, I will come again and receive you unto myself." These thus selected the Scriptures designate as the royal (reigning) family of heaven (1 Pet. 2:9-10), and that they shall reign with Christ during his Millenial period (Revelations 20:4) and the purpose of his kingdom will be to restore all that was lost in Adam. Of that time the Apostle says: "Times of refreshing shall come from the presence of the Lord, and God shall send Jesus Christ, who before was preached unto you, whom the heavens must retain until the times of the restitution of all things which God has spoken by the mouth of all his holy prophets since the world began." (Acts 3:19-21.)

Restitution or restoration means to restore that which was lost during the disobedience of Adam, namely, the right to life, liberty, and happiness. And the beginning of this restoration and blessing work must be at the establishment of Messiah's Kingdom. It follows, then, that many who are living at this time will see that kingdom established. Jesus said: "This generation (meaning the people now on earth) shall not pass away until all these things be fulfilled."

The reign of Christ is for the very purpose of destroying death by restoring mankind, those who are obedient, to life and health and happiness. As the Apostle puts it: "He shall reign until he has destroyed all enemies, and the last enemy to be destroyed is death."

ONE FAIR CHANCE.

Three thousand years ago Jehovah foretold the trouble through which the earth is now passing. He said: "Wait ye upon me, saith the Lord, until the day that I rise up to the prey; for my determination is to gather the nations, that I may assemble the kingdoms, to pour upon them mine indignation, even all my fierce anger; for all the earth shall be devoured with the fire of my jealousy (the fiery time of trouble), For then will I turn to the people a pure language, that they may all call upon the name of the Lord, to serve him with one consent" (Zephaniah 3:8-9).

Why turn a pure message to the people unless they are to profit by it? Again, the Lord, through his prophet, declared: "And it shall come to pass that in all the land, saith the Lord, two parts therein shall be cut off and die; but the third shall be left therein. And I will bring the third part through the fire, and will refine them as silver is refined, and will try them as gold is tried; they shall call on my name, and I will hear them; I will say, it is my people; and they shall say, The Lord is my God." (Zechariah 13:8-9.)

No one could accept the blessings of life and other blessings incident thereto without an opportunity, and he must have knowledge before this opportunity can come to him. The Apostle says: "There is one God, and one mediator, between God and men, the man Jesus Christ, who gave himself a ransom for all, to be testified in due time." (1. Tim. 2:5-6.) The due time for mankind to begin to receive this testimony is when Messiah's Kingdom is established, immediately after the great shaking of the time of trouble in the earth God's prophet says: "I will shake all nations, and the desire of all nations shall come." (Haggai, 2:7.) When this time comes, and the proof shows it will shortly come, then he who renders himself in obedience to the Lord's law will be restored to perfect manhood, physical, mental and moral. Jesus said: "Whosoever liveth and believeth in me shall never die," and again, "If a man keep my sayings, he shall never see death."

These Scriptures have never before been applicable. They must apply at some time. They could not apply until the Lord had offered restitution blessings to mankind. They cannot be offered until his kingdom is established. "The kingdom of heaven is at hand." The time to offer them is almost here. Then it follows that surely as Jesus spoke that when that offer is made that the man who hears, believes and obeys, shall live and shall not die. Otherwise these Scriptures are made void.

ALL IN THEIR GRAVES SHALL COME FORTH

Millions have died in the great world war. Many are living today whose hearts are made sad because of the loss of their loved ones. Millions have died from disease and pestilence. Truly the poet has said:

"The earth is old with centuries,
But for this she hangs not her head;
Closer to her heart the sorrow lies;
She holds so many dead."

But hope springs into the heart of one who believes the Lord's word, when he hears the Master's sweet message: "Marvel not: all that are in their graves shall come forth." The very purpose of bringing them forth is to give them a fair and impartial trial for life.

THE OLD TO BECOME YOUNG

The Prophet Job gives a wonderful picture of the restoration of man. There are many old and decrepit and crippled and deformed ones in the earth. There are many crippled from the great war. What hope is there for them? Mark the prophetic words: "He keepeth back the soul from the grave, and his life from perishing by the sword. He is chastened also with pain upon his bed, and the multitude of his bones with strong pain." (Thus describing the sick and afflicted.) "So that his life abhorreth bread and his soul dainty meat (picturing how nothing is satisfying). His flesh is consumed away that it cannot be seen, and his bones that were not seen stick out (marking the suffering condition of humanity); yea, his soul draweth near unto the grave and his life to the destroyers. If there be a messenger with him, an interpreter (one who enables him to understand), one among a thousand to show unto man his uprightness; then he (the Lord) is gracious unto him and saith, Deliver him from going down into the pit; I have found a ransom. His flesh shall be fresher than a child's; he shall return to days of his youth. He shall pray unto God and he will be favorable unto him, and he shall see (discern) his face with joy, for he will render unto man his righteousness." (Job 33:18-26). Thus the Lord pictures how the old man will be restored to the prime of manhood, and how restoration blessings will bring all who are obedient to the laws to the state of perfection.

These Scriptures must have a fulfillment at some time. If this is not the correct interpretation, then will the clergymen tell the people what they do mean? We rejoice in the fact that the kingdom of the Lord is at hand. The old order is passing away forever, and the new order is coming in.

PERSECUTIONS—WHY?

Because we have taught these beautiful and wonderful truths that Jesus taught, because we have pointed to the fact that the present unrighteous order is passing away; because we have shown that Christendom has been and is a failure; because we show from the Scriptures that there is a general resurrection for all the dead and a hope of restitution blessings near at hand for mankind, we have been called in question, misrepresented and maligned before the people, persecuted by those who pretend to be Christians. We have no ill feeling, however, against our persecutors, realizing that the Scriptures state, "all in Christ Jesus who will live godly shall suffer persecution." Jesus said concerning those who will faithfully announce his kingdom, "If the world hate you (meaning particularly ecclesiastics who have the worldly spirit because that was the class that hated him), ye know that it hated me before it hated you." (John 15:18.)

We count it a great privilege to be permitted to suffer because of loyalty to righteousness and to be placed in the category of other Christians who have followed the Master's footsteps. It is our privilege to announce: "The Kingdom of Heaven is at hand"; and what that Kingdom means to mankind Jesus, in beautiful words, expressed:

THE KINGDOM OF GLORY.

"I saw a new heaven and a new earth; for the first heaven (ecclesiastical systems, and the first earth order of things) have passed away; and there was no more sea (restless elements of society). And I, John, saw the Holy City, the New Jerusalem (the new order of things) come down from God out of heaven, prepared as a bride adorned for her husband; and I heard a great voice out of heaven, saying, Behold, the tabernacle of God is with men, and he will dwell with them, and they shall be his people, and God himself shall be with them, and be their God. And God shall wipe away all tears from their eyes; and there shall be no more death, neither sorrow nor crying, neither shall there be any more pain; for the former things are passed away." (Revelations 21:1-4).—Advertisement.

Leading Atlanta Surgeon Pays Tribute to Dr. Long, Discoverer of Anesthesia

Of particular interest to Georgians will be the final paper which was read before the distinguished group of American surgeons attending the clinical congress for Georgia, Florida and Alabama of the American College of Surgeons, at their last session Saturday afternoon, the document being a tribute to Dr. Crawford W. Long, a Georgian, and the discoverer of anaesthesia. This paper was prepared by Dr. Frank H. Poland, a prominent Atlanta surgeon. The tribute in full follows

"When King Edward VII. of England in 1902 awoke from the anaesthetic which had been administered to him in performing an operation for perityphlitis, he asked his surgeon sir Frederick Treves, 'who discovered anaesthesia.' Sir Frederick answered, 'It was an American your majesty Crawford W. Long.'

"There are many authorities, however, who will not concede this fact Osler, a tireless student of medical history, gives another to the discovery as do Welch and Garrison and others. In the Encyclopedia Britannica falls to mention Yong's name We have sat at the feet of these masters, and have learned much that has been valuable to us in performing the operations necessary to relieve human suffering. We honor them for it But we also must have respect for the splinter school of history, for figures and arithmetic, and from whom we learned that 1811 is an earlier date in history than 1846. Crawford W. Long first used ether as an anaesthetic in 1842, and Dr. Thomas Green Morton first used it in 1846, four and one half years later

Tribute to Memory.

"It is a source of much pleasure to me to pay a tribute at this time to the memory of Crawford Long. The feeling is mixed, however, by the fact that no such tribute should be paid without reopening old discussions which should have been forever settled. We Georgians had hoped the controversy was settled for all time and not only Georgians but citizens of all states and of all countries We do not believe it is a sectional matter. Southern surgeons of Louisville, Ky., are to be found in every part of the country Indeed a great university saw fit only a few months ago to bestow this highest honor possible upon Dr. Morton in its hall of fame as the discoverer of anaesthesia. To this tribute to Long must include a vigorous denunciation of this incident

"I could tell Mr. Forever critics of this university offered no opportunity to express their views in public on this claims for this distinction Long supporters did not even know that such an important question was to be decided. Was this fair Such a body of men might know did Morton's claim has always been in dispute Did they weigh the merits of the two cases. Dr. Welch, Dr. Hugh Young's army of arguments and articles published in the John Hopkins hospital bulletin, in 1907 on the splendid presentation of the subject the pamphlet by Dr. Joseph Jacobs, of Atlanta, published in 1915

"It becomes necessary to recite a few well established facts covering the matter. Crawford W. Long, at Jefferson Jackson county, Georgia visited the home from the office of James M Venable, while he was under the influence of ether, without pain for the purpose on the 30th day of March 1842 Horace Wells administered nitrous oxide gas, and had one of his own teeth extracted without pain. This was in Hartford, Conn., as an anaesthetic, on December 11, 1844 Dr. William Thomas Green Morton on September 30, 1846, and on this date W. Morton anesthetized in Boston extracted a tooth without pain

"It thus is the history of the first time that ether was employed as an anaesthetic why has not Long been rewarded unanimously in his discovery? Dr Jacobs answers this question in part by suggesting that the matter should be clouded in order not us to the dates as to the use of ether, but because of the discovery which grew out of the moral issues of Wells and Morton and Jackson believe, the United States congress and in the persistency with which these men advocated their views and reputed their contentions.

The most common argument of the supporters of William Thomas Green Morton is that he is entitled to the discoverer of anaesthesia. Morton was the first to give it to the world and did he give this wonderful boon to a suffering world? He was not authorized abroad from the use he made of it in September, 1846, in the extraction of a tooth. Dr. Warren Dorsey surgeons Warren Bigelow and Haygood who announced the discovery when they performed an amputation of the thigh, with Morton administering the anaesthetic, October 16 1846

Discovery No Secret.

Young surgeons Warren, Bigelow and Haygood to sponsor his discovery and proclaim it to the four corners of long globe, neither was there a Massachusetts general hospital in Crawford W. Long's day anaesthesia might be given a test on a major surgical operation. But Long made no secret of his discovery He talked of it freely to everybody Indeed he met it must be remembered that he had been practicing only a year in 1842, and he was hesitated to publish to the world his wide publicity until he had upon fortuitous circumstances. Some great operations came slowly eighty years ago to a young physician practicing in a little village in one or three hundred people, but the record shows that long had used ether successfully in five operations he for the achievement of Morton was heralded and many honors were showered on him.

"It should be regretted that a tribute cannot be paid to Long without reflecting upon Morton, who has been entirely blameless. In the circumstances will not permit of any other treatment than William Thomas Green Morton. He hailed as one of the immortals because he was a benefactor of mankind. Was he? Was he a benefactor of mankind to patent the beneficial thing, seek to keep the knowledge of it secret and to reap great fortune from it? The patent was Morton's. Morton's ether was disguised with aromatic oils, and only the controversy between Morton and Jackson prevented the latter's use by the surgeons who were using it Jackson's claim that he called the attention of Morton to the use of ether was presented a bill in congress demanding a grant of $200,000 in recognition of his unselfish services to humanity. This bill was denied, and Morton's priority in the discovery of anaesthesia was not recognized by congress. The medical association expressed its disapproval of the conduct in the following resolution

Resolutions Passed.

Whereas, the Morton pension bill now pending in congress is a claim donating to W. T. G. Morton the sum of $200,000 as a recognition of his services to suffering humanity by the discovery of sulphuric ether as a safe and scientific agent, and

Whereas, the said Dr Morton, by suits brought against charitable medical institutions, has by this act put himself beyond the pale of the medical profession of the true laborers in the cause of science and humanity, and

Resolved, That the American Medical association hereby protests against any appropriation to Dr Morton on the ground of his unwarrantable assumption of a patent right to the discovery and use of a boon confer bestowed on mankind, and that we respectfully remind him that he has already received his reward in the universal gratitude of the world."—Vol. 1., pg. 35.

"Dr. Jacobs, that most assiduous student of the life and work of Crawford Long, can succeed in proving to the world by the facts which he is now laboring, and which he has published in pamphlet form, if true, the advocates of Morton's right to immortality must be silenced forever. Dr. Jacobs has related to Dr Jacobs for many of the most prominent men in the country, and his discovery, and the medical profession of Georgia is due him a vote of gratitude for the masterful and successful efforts in bringing the facts to the light of day. If he is correct, we pray that Dr Jacobs may have able correspondence. It is well known that in 1841 Jackson visited Long in Athens Ga', where Long was then a practicing physician, without success to induce Long to go to Jefferson with him to lay laying their claims before congress. He was then discoverers of anesthesia as opposed to Morton.

"Dr. Jacobs has presented the case on his way to the gold mines at Dahlonega, Ga., and that he was interested Dr Jacobs believes that this was Jackson's second trip to Athens. The first occasion was when his first visit took place in the spring of 1839 when Jackson visited Long in Athens Ga', where Long was then practicing medicine, and without success to induce Long to go to Jefferson with him to lay laying their claims before congress as the real

"MILLIONS NOW LIVING WILL NEVER DIE"

---Judge Rutherford

In a Free Lecture in the Auditorium Theater Sunday afternoon it will be conclusively proven by many Bible prophecies which have been fulfilled during the past four years, and from many others still in course of fulfillment, that thousands now living in this city will never die.

"In this instance do not deceive yourself into believing that 'where ignorance is bliss 'tis folly to be wise,' because life everlasting on this earth as a perfect human being will depend upon the individual knowledge and understanding of, and acquiescence in, the rules of conduct that are to govern the world in its reconstruction now in progress and ever after."

In a startling and comforting lecture, "Millions Now Living Will Never Die," Judge Rutherford offers a reasonable and satisfying solution of the many questions raised by the conflicting claims of orthodox creeds, Sir Oliver Lodge, Sir Conan Doyle, Christian Science practitioners and the various faith healing sects. No matter what your present ideas on this great question may be, you should hear

JUDGE RUTHERFORD

President of the International Bible Students' Association, which was founded by the late Pastor Russell. Proprietor of the New York Peoples Pulpit Association which has for its purpose the supplying of non-sectarian Bible instruction

Judge Rutherford has recently returned from Palestine and Egypt, where he went last summer to make a personal investigation of conditions relating to fulfilled prophecy, particularly the return of the Jews. The rebuilding of Palestine by the Jews is agitating the entire thinking world. Judge Rutherford comes with a flood of first-hand information on this subject which is of greatest interest to both Christian and Jew. His investigation included present conditions of distress and social unrest in the European nations, adding strength to his declaration that millions now living will never die.

Intense interest in this lecture has been manifested in the greatest cities of the world. At the Jane Addis Hippodrome 30,000 were turned away; while at the London Royal Albert Hall, with a capacity of 15,000, more than 25,000 jammed the doors, unable to gain admittance. No halls in Europe were found adequate for the multitudes that came to hear.

The International Committee expects you to carefully and do not miss this lecture.

WHERE ARE THE DEAD?

Are the Living Still with the Dead? Statement by Judge Rutherford

This lecture has comforted multitudes bereaved by the world war, epidemics, and unending sorrows. So great has been the demand that it has been amplified and published in book form, including 700 Scriptural proof texts. "millions now living will never die"

—Judge Rutherford

Judge Rutherford, New York City Bar.

Strange isn't it that this message "millions now living will never die" goes unchallenged in every city. Thousands upon thousands of the most astute Bible students can prove from prophecies fulfilled during the last forty years, and especially since 1914, that millions of people now living on this earth will never need the services of an undertaker.

This statement might seem to some to be presumptuous, but Judge Rutherford has a mass of convincing testimony which he will use in his startling but comforting lecture next Sunday afternoon.

Judge Rutherford has just returned from a tour of Europe, Egypt and Palestine and has first-hand information to support his interesting contentions concerning the passing away of the old order of unrighteousness and the imminence of the Kingdom of Christ.

The Bread You Eat,--Is It Truly "The Staff Of Life," Or Is It Just "Bread"?

"THE Staff of Life." Whoever so first named bread named it well. No race, no creed, no age, whatever the peculiarities of its diet, has ever eliminated bread from its list of foods.

To the ancient Egyptians, the medieval Europeans, the modern civilized world, bread has always been the principle article of food. The savage makes it in the crudest of utensils, the civilized world with the most modern of machinery.

Bread is the first solid food of the infant, the indispensible food of mature man, and the sustaining food of superannuated age. Every table—breakfast, luncheon and dinner—has its loaf of bread.

Bread is truly "The Staff of Life."

So the quality of bread becomes of supreme importance to you. It is more important to you than the quality of your meat, your dairy products, or your vegetables, for any one of these you can do without.

What is "Quality Bread?"

Bread, as you buy it, is a finished product. So, in baking a housewife bread is simply bread,—rarely indeed does she look beneath the crust.

Yet beneath the crust is the real bread,—the ingredients. Flour, butter, shortening, milk and sugar go to make bread. Considering how much these products vary in quality. Bread varies in quality in direct proportion to the quality of the ingredients that go into its making. Add to this the skill and care with which it is made and the sanitary conditions under which it is prepared and baked.

Why There Can Be No Immediate Drop in the Price of Quality Bread

To produce a good bread thirty days supply of flour must be kept on hand for proper ageing; thirty days supply more must be in transit, and thirty days supply bought ahead.

Thus any immediate and even decided drop in the price of flour could not effect the supply of bread for some time.

It is our experience and conviction that the price of bread could not be cut at the present time except by sacrificing either quality or weight.

Now you know what we mean by "Quality" Bread

On your grocer's counter lay two loaves of bread. One is honestly made; its ingredients are the best. The other is of a grade whose sole recommendation is the so-called "cheapness" at which it is sold.

Which of these two loaves will you take home to your family?

That is the question. You are judge and jury.

Weigh well your answer. On your decision may depend the health of your loved ones at home—the health of the toddling children at your knee.

JUDGE RUTHERFORD

President of the International Bible Students Association, which was organized by the late Pastor Russell. President of the New York Peoples Pulpit Association, which has for its purpose the supplying of nonsectarian Biblical information.

This is Judge Rutherford's first public appearance since returning from Egypt and Palestine, where he went last summer to make a personal investigation of conditions, particularly with reference to the return of the Jews, as related to fulfilled prophecy. The restoration of Israel was long ago foretold by the prophets, and the return of the Jews to Palestine now is agitating the entire thinking world. His investigation and research also included the present condition of distress and unrest of the European nations, the cause, and what may be reasonably expected to result within the next few years.

Judge Rutherford has returned with a fund of first-hand information on the subject which greatly strengthens his position that the world has ended and that the people now living on earth will be given an opportunity for life everlasting on the earth in a state of happiness, and that millions of these, obeying the laws of the new order, will never die. During his absence Judge Rutherford delivered this lecture in the Royal Albert Hall, London—the greatest assembly hall in the world, which was filled to its utmost capacity and more than 15,000 were turned away.

TALKING WITH THE DEAD

Can the Living Talk with the Dead? *Statement by Judge Rutherford*

Can the living talk with the dead? Sir Conan Doyle, his colleagues, many Spiritualistic clergymen and others answer yes. The twenty-four prophets of God, the Lord Jesus and His twelve Apostles, according to the inspired testimony set forth in the Bible, answer emphatically, No.

Sir Conan Doyle and his colleagues say the soul is immortal; that in no case does the dead are able to communicate with the living. Satan said, "Ye cannot surely die"; and Jesus said Satan is a liar, and that this statement was the beginning of sin. (John 8:44.) Satan is the arch-enemy of the human race. Jesus is the savior of the world, and through Him alone can men get life everlasting. Which one will you believe?

Sir Conan Doyle and his colleagues claim that they hear voices, receive automatic writings through ouija boards, table tipping, etc., and that these emanate from human beings. This we do not dispute. The Bible explains that this power is not exercised by the spirits of dead men, but by demon-fallen angels or evil spirits, who were disobedient in Noah's day and whom God restricted in the darkness around the earth. (2 Peter 2:4; Jude 6:14-20; John 8:1 These demons have exercised their power since the time of the flood until the present time through the instrumentality of mediums. The day of their judgment is now here. Since they exercise greater power and are taking advantage of a relentless world to put Satan in control and His "Peace" "There is no death."

Sir Conan Doyle and many distinguished clergymen have been and are being deceived by the demons, because they believe in a false conception of immortality of the soul, which is unscriptural, nothing except Satan's falsehood. (Genesis 3:4.) Immortality is promised as a great reward to those who faithfully follow Jesus, even unto death. (1 Corinthians 15:51-53.) "The dead know not anything; they know not anything; they cannot think, smell, hear, speak or do anything whatsoever." (See Psalm 146:4; Ecclesiastes 9:5, 10.) While being true, it would be impossible for them to communicate with the living.

Nothing is more plainly taught in the Scriptures than the resurrection of the dead—a day, or time in which all the dead shall be awakened and given a trial for life. Such positively disproves that the dead are conscious and are able to communicate with the living because the resurrection of the world has not yet come.

These so-called communications from the dead are in no wise beneficial to man. The messages are never comforting or uplifting, but on the contrary they are often vicious and vile and lead men into crime. Great numbers of men are being misled by the influence of these demons. Satan and the other demons are also blinding and deceiving them mankind in order to turn their minds away from the great blessings God has in store for them.

This so-called science of communicating with the dead is nothing but demonism, or spiritism, and is a menace to the welfare of mankind, the overwhelming proof of which is set forth in my new book, "Talk or With the Dead."

J. F. RUTHERFORD.

Judge Rutherford

favorably known in all capital cities of Europe

During the past ten years Judge Rutherford has lectured in nearly every large city in Europe and America on "Where Are the Dead?" and his lectures on "Millions Now Living Will Never Die" and "Talking With the Dead" are outgrowths of that lecture, made possible and necessary by the fulfillment of certain prophecies during and since the war, and as messages of comfort to the many millions bereaved by the enormous casualties in the world war and subsequent flu epidemics.

"CHICAGO-WORLD'S CRIME CENTER"

Criminologist Says Things Gothic There From All Parts.

CHICAGO — Chicago is the crime center of the world, Dr. Herman M. Adler, noted criminologist, said today.

Dr. Adler was in the state criminologist of Illinois, head of the state bureau of criminology with the duties of a survey of crime with the state's attorneys in every part of the state.

Chicago has not yet been cured of its evil and cannot be cured, he said, "It is natural that the world's fair city should be the center of crime, which is commercialized and run on a vast security.

"Many other cities have now gangsters to contend with, but we still lead in the line and it looks as if we have a wonderful field to cultivate right here in the United States of America."

Dr. Adler is of the opinion that people everywhere will soon have to contribute to crime statistics whether they are guilty or not.

To get the honest type of persons into intelligence that become a conduit, according to Dr. Adler, "is like trying to fill a leaky dipper of gasoline to increase a successful motor car."

"Just looking for criminals for the sake of it is hard for any of us to do, so to the law enforcement men, to social and civic welfare agencies of organized crime," Dr. Adler's survey stated crime is young man's game. He said most criminals are from 20 to 25 years old.

"When they reach 35, they settle down," he said.

Johnson Was in Bad Shape But Tanlac Restores Him

"The very first bottle of Tanlac convinced me it would be the medicine I needed," said J. J. Johnson, 630 S. Cleveland Ave., Akron, Ohio, recently. "I was in bad condition, and was using Miss Mackinaw Co., of Canton, Ohio.

"For five years I had about as bad a case of rheumatism as it is possible to have. I was unable to get up from a chair without help. I just had to endure pressure and could hardly straighten up. Every muscle and bone ached to the very marrow almost day and night. My appetite was very poor and I had to force myself to eat food because I would suffer afterwards. I was intensely nervous and so tired I could not sleep at times, and mornings I was so tired as when I went to bed.

"Having a friend get me two bottles of Tanlac I let acceptance like a different man. My appetite picked up and my digestion became better. Soon I haven't an ache or pain, my nerves are as steady as a rock, and I get up feeling refreshed with no pep. Tanlac has done me wonderful very good. I have gained fifteen pounds in weight and am the healthiest of men I've ever been. Tanlac is certainly a wonderful medicine."

Tanlac is sold in Lima by Model Drug Co., and in every city and town in the world.

Luxuries Cost 10 Times More Than Schools, Claim

(BY GEORGE R. HOLMES)

WASHINGTON — (International News Service)—Ten times as much money every year for luxuries as for education!

That is what is wrong with the educational system in the United States, according to Dr. P. P. Claxton, United States commissioner of education, who has been studying the relative values placed by the American people on education and luxuries.

The new commissioner of education has come to the conclusion that the people of the United States are entirely too much interested in gewgaws and geegaws and not enough interested in the education of their children.

"We think we believe in education," said Dr. Claxton. "We talk much about it and many of us have a sentimental interest in it, but in the final analysis we are not willing to give serious attention to it unless it is not our child involved. So much do we believe in education in a way, but we have not had the nerve to back it."

EIGHT LESS THAN BILLION

Dr. Claxton backs up his assertion that we are very little for public education with some startling statistics gathered from the United States census bureau. The census bureau, which collects these statistics, has shown that the total expended for private education in the United States was more than $1,000,000,000 more than the total amount spent for public education, that amounting to about $7.8 billion.

The census bureau, according to Dr. Claxton, in 1919, American women spent on face powder, rouge and perfumery the sum of $750,000,000.

LUXURIES OUTDISTANCE LIVELIHOOD

The American people spent half a billion for jewelry in 1920 while they spent only $141,000,000 for the education they got in the public schools and $270,000,000 more for soft drinks.

But not so those figures cost more, they were low in cents. For luxuries, particularly cosmetics, perfumery and jewelry, the average price per article was $14.06 last year, and for "soft drinks" 10 cents, while the average price per pupil for education was $24.

The census bureau, according to Dr. Claxton, in 1920

—Judge Rutherford

Because of unprecedented interest manifested in the rapid fulfillment of Biblical Prophecies, and the many requests for a return date for this lecture, Judge Rutherford, has granted Columbus another dating and will deliver this remarkable lecture in MEMORIAL HALL, COLUMBUS OHIO, SUNDAY AFTERNOON. Since speaking there January 4th, Mr. Rutherford has delivered this lecture to overflowing audiences at New York Hippodrome, Boston Theater, Chicago Auditorium and elsewhere. and return dates urgently sought everywhere, Every family is involved and many thousands are rejoicing because of this comforting Biblical message of the hour.

In this lecture, it will be conclusively proven to everyone willing to accept Bible testimony, by important prophecies which have been fulfilled during the past four years, and from many others still in course of fulfillment, that hundreds of thousands now living in this vicinity will never die. Many thousands of advanced Bible scholars within the past few months have endorsed this proclamation and it surely is worthy of general and personal investigation.

THE WORLD HAS ENDED and the promised and long looked for day of reconstruction and refreshing is here and soon will be made manifest to all. In "Millions Now Living Will Never Die" Judge Rutherford offers a reasonable and satisfying solution of the many questions raised by the conflicting claims of orthodox creeds, Sir Oliver Lodge, Sir Conan Doyle, Christian Science practitioners and the various faith-healing sects. No matter what your present ideas may be on the questions of life and death, communication with spirits, now and hereafter, you should hear

Quija Boards Blamed for Ills of Students

ANN ARBOR (Mich.), January 25. — "Ouija boards are becoming more fruitful as the diplomatic and society bureaus of the woman of independent students. Ten letters or so, on boards and more frequently connected," declared a member of the faculty of the University of Michigan, commenting on a report he had received that two young women in his class had been obliged to leave school and place themselves in the hands of nerve specialists because of their devotion to the ouija boards.

Dr. Warren Perrette, head of the university health service, admitted that there had been a great influx of nervous students appearing lately for enrolment.

One city nerve specialist said he had treated unwisely women for nebulous ailments and that their difficulty seemed to have been caused by too close application with the ouija board and too great belief in its wonderings.

If the above warning is correct, there is further proof that the entire population of the earth is interested in "ouija boards and like paraphernalia. This terrible condition is by lack of knowledge. The people should have the entire truth on the subject, and that is my only purpose in speaking.

J. F. RUTHERFORD.

JUDGE RUTHERFORD FAVORABLY KNOWN IN ALL CAPITAL CITIES OF EUROPE

During the past ten years Judge Rutherford has lectured in nearly every large city in Europe and America on "Where Are the Dead?" and his lectures on "Millions Now Living Will Never Die" and "Talking With the Dead" are outgrowths of that lecture, made possible and necessary by the fulfillment of certain prophecies during and since the war, and as messages of comfort to the many millions bereaved by the enormous casualties in the World War and subsequent flu epidemics.

TALKING WITH THE DEAD

Can the Living Talk with the Dead? Statement by Judge Rutherford

Can the living talk with the dead? Sir Conan Doyle, his colleagues, many distressed ones, men and women, answer yes. The twenty-four prophets of God, the Lord Jesus and His twelve Apostles, according to the inspired testimony set forth in the Bible, answer emphatically no.

Sir Conan Doyle and his colleagues say the soul is immortal—does not die at death. Hence the dead are able to communicate with the living. Satan and the same things and more and better he has said and that his statement was the beginning of lies. (John 8:44.) Satan is the adversary of the human race. Jesus is the Savior of the world, and through Him alone can man get the blessing. Which one will you believe?

Sir Conan Doyle and his colleagues claim that they, like others, receive messages through ouija boards, table tipping, etc., and that these messages from some unseen power. This we do not dispute. The Bible explains that this power is not evidenced by the return of dead ones, but by demons—fallen angels, or foul spirits—who were productive in Noah's day and when God restrained in the darkness around the earth. (See 2 Peter 2:4; 1 Peter 3:18-20; Jude 6.) These demons have developed their power since the time of the flood until the present time through the instrumentality of mediums. The day of their judgment is now here, hence they exercise greater power and are taking advantage of a credulous world to aid Satan in carrying out his evil design—"There is no death."

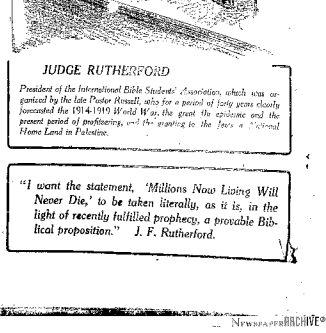

Sir Conan Doyle and many distinguished clergymen have been and are being deceived by the demons because they believe and teach the doctrine or immortality of the soul, which is supported by nothing except Satan's falsehood. (Genesis 3:4.) Immortality is promised as a great reward to those who faithfully follow Jesus, even unto death. (1 Corinthians 15:51-53.) The dead are unconscious; they know not anything, they cannot think, assist, hear, speak or do anything whatever. (See Psalms 6:5; 115:17; 146:4; Ecclesiastes 9:5, 6, 10.) This being true, it would be impossible for them to communicate with the living.

Nothing is more plainly taught in the Scriptures than the resurrection of the dead —i. e., that in the time all the dead shall be awakened and given a trial for life. Such positively disproves that the dead are conscious and are able to communicate with the living, because the resurrection of the dead has not yet come.

These so-called communications from the dead are in no way beneficial to man. The messages are never comforting or uplifting. Not on the contrary, they are often foolish and vile and lead men into sins. Great numbers of men are being misled, even by the influence of these demons. Satan and the other demons are thus blinding and befooling mankind in order to turn their minds away from the great blessings God has in store for them.

This so-called science of communicating with the dead is nothing but demonism, or spiritism and is a menace to the welfare of mankind, the overwhelming proof of which is set forth in my new book, "Talking With the Dead."

J. F. RUTHERFORD.

"I want the statement, 'Millions Now Living Will Never Die,' to be taken literally, as it is, in the light of recently fulfilled prophecy, a provable Biblical proposition." J. F. Rutherford.

CONFESSES BRUTAL MURDER OF SIX-YEAR-OLD GIRL

Philadelphia And Bucks-Co Fight For Legal Possession Of Slayer

PHILADELPHIA, Pa., Feb. 27 - With the finding of the body of six year-old Lillian Gilmore early last night in the icy waters of Neshaminy creek, near Croydon, Pa., a legal battle today developed between Philadelphia and Bucks-co authorities for possession of Willie F. Morgan, 29, the confessed slayer of the child.

Lillian's body was recovered under dramatic circumstances. Late yesterday Morgan, under a constant fire of questions, showed signs of abandoning his attitude of stolid indifference. Four-year-old Dorothy Gilmore, sister of the dead child, who was also in Morgan's motor car on the fatal trip Saturday, was brot into his cell in an effort to break him. Finally he nonchalantly remarked to a police sergeant: "Well, here goes; the worst I can get is the electric chair."

Immediately following his confession of the crime, Morgan was rushed in a police automobile first to the vacant lot in Torresdale, where he said he first attacked the child, then northward to the vicinity of Croydon. Morgan repeatedly asked to be allowed to take the wheel, "to find the pace easier" but such requests were curtly refused by the detectives.

As the car moved slowly into the murky shadows near Neshaminy creek, Morgan was plied with questions as to details of the crime.

"I had to put the kid somewhere" he replied to one question as to why he selected such a spot. "She croaked after I attacked her and I had to get rid of the body. Anybody got a cigarette?"

His request was ignored. Stumbling out of the car, Morgan was pushed along until the bank of the creek was reached. With flash lights the party explored the place, until Morgan suddenly remarked: "There,"—pointing to a hole in the ice. A short search revealed the body of the murdered child, horribly beaten and bruised and covered with blood.

On the return to the Trenton and Bauphin-st police station a mob threatened Morgan but was dispersed by the police with drawn night sticks.

Today efforts are being made in both counties to rush Morgan to trial. Director of Public Safety Cortelyou, of this city, claims Morgan's confession showing the child died after the first attack places the crime within the city limits.

The Bucks-co authorities claim the finding of the body at Croydon gives them jurisdiction in the case.

NO ACTION TAKEN ON PROPOSAL FOR COURT OF JUSTICE

WASHINGTON, Feb. 28. — Because of opposition of "irreconcilable" members the senate foreign relations committee today postponed indefinitely action on the proposal of President Harding for American representation on the permanent court of justice until the question is further clarified by the president and Secretary Hughes.

The committee instructed Senator Lodge, chairman, to request immediately further details of the plan from the state department. No date for another meeting was set but Lodge declared that he would communicate with the president and Secretary Hughes at once—possibly tomorrow.

SAYS—NOW STIFF JOINTS MUST GO!

New Discovery Limbers 'Em Up and Even the Creaking Ceases

Yes: it's true—the world progresses.

All you have to do nowadays to limber up that stiff, rusty knee joint is to squeeze a half inch of miracle working substance from a tube.

Then rub it on the offending part for about a squirter of a minute or until it soaks through the skin and disappears on its errand of mercy.

Then read the evening newspaper and go to bed.

The chances are that your misbehaving knee joint will lose its "creak" while you are dreaming about the high fences you used to leap when you were a youngster.

"And lo! the morning," says one who has tried the new discovery, "you'll feel so happy that you'll want to jump into your sportiest clothes and walk briskly down the street just to show the neighbors that you are not as old as they think you are."

Joint-Ease: They call this wonder working substance, for the reason that when ordinary remedies fail to limber up the stiff, inflamed rheumatic joint, or reduce the swelling Joint Ease succeeds.

It's a good name for a good, clean, stainless prescription that in just a few months has proven to a multitude of people that lame, swollen, distorted joints can speedily have the kinks taken out of them and work as smoothly as ever.

But Joint Ease is for bothersome joints, whether in knee, ankle, hip, shoulder, spine or finger, and for that purpose its sale is immense.

Wimmer Arnold Co. has a big supply of it and druggists everywhere report a big demand.

HERE ARE FACTS OF VALUE IN FRAMING INCOME TAX RET'RN

Within certain limitations interest and taxes paid during the taxable year may be deducted from gross income. Such items include interest upon a personal loan and taxes on a dwelling, as well as interest on business debts and taxes upon business property. The Federal income tax, however, may not be deducted, nor may there be included any special assessments for local benefits tending to improve the value of the property, such as paving or drainage assessments since they are, in fact, the cost of a permanent improvement.

Obligations of the United States issued prior to September 2, 1917, are wholly exempt from the Federal income tax. Hence interest, paid or accrued on indebtedness incurred, or continued to purchase or carry such obligations, is not an allowable deduction from gross income.

Personal indebtedness includes not only money borrowed to defray personal expenses—clothing, food, etc—but also money borrowed for the purchase of real estate, if a person owes money secured by a lien or mortgage on his home, the amount of interest paid on such indebtedness may be deducted. Moreover, interest paid by the taxpayer on a mortgage upon real estate of which he is the legal or equitable owner, even though the taxpayer is not directly liable upon the bond or note secured by such mortgage, may be deducted as interest on his indebtedness.

JERSEY MAN BUYS "HAREM" FOR $100

NEW YORK, Feb. 28—Frank Meninga, twenty-five years old, of Homestead, N. J., is looking for the stranger from whom he bought a harem of six pretty girls and for which he paid $100 in cash.

Frank was seated in a trolley car at Hoboken when a nice-looking stranger spoke to him and called his attention to two pretty girls whom he said were part of his harem. He had four more at an address at No. 45 Hill street, Homestead, he explained, and that he was forced to leave them because he was called away on a trip to the West.

Would Frank buy them? Frank would and did. He handed over $100. As he did so he noticed that the two girls across the way were leaving the car. The stranger assured him that they were not running away; that they were simply timid because they had left their veils behind. Frank believed and exulted in his purchase until he tried to find No. 45 Hill street. There was no house within sight.

Frank now believes he was flimflammed.

Now drug stores most everywhere supply this healing mineral in the form of a salve and under the name of Sun River Ointment. Indians by the fast increasing demand, people are quickly learning what a wonderful application it is for all kinds of sores, bruises, and skin trouble.

"We Never Sacrifice Quality"

"World's Judgment Day at Hand--- millions now living will never die"—Judge Rutherford

This evil world (the unrighteous order of rulership) is rapidly passing away and is now actually in the throes of its death struggle. The present clashing of self-seeking interests are only evidences of the vain endeavors of the old evil world to perpetuate itself in its old iniquitous way.

The old world's greatest statesman regardless of their denominational doctrines, whether Jew or Gentile, recognize and admit that the old order has been cast off, and that radical reconstruction is necessary if there is to be peace and safety in the future. Thousands of independent Bible scholars are convinced by prophecies fulfilled that the old world ended just on time, 1914, and that the "new heavens and a new earth", the "times of refreshing", are just at hand.

"Millions Now Living will Never Die"

—Judge Rutherford

In a free lecture at the Armory, corner Olney Ave. and Church St., Monday night at 7:30 o'clock, it will be conclusively proved by many Biblical prophecies, which have been fulfilled during the past four years, and from many others still in course of fulfillment, that thousands now living in Marion and vicinity will never die.

The scriptures abound in time prophecies indicating when such events as have distressed mankind during the past few years, and the opportunity for profiteering in all its phases forever ends.

The divine law is inexorable and every inspired revelation of the divine purpose respecting the affairs of the old world, over which Jehovah, for a special purpose, tolerated Satan to rule, has been fulfilled exactly on time, and the time for the binding of Satan is at hand.

Every Bible scholar is aware, whether it is now or one hundred years hence, that mankind will sometime arrive at the end of Satan's reign, when everlasting life on this earth can be his blessed portion, instead of death and the tomb, as has been the case under Satan's six thousand years of evil domination and delusion.

The purpose of this free lecture is to furnish every inquirer positive Biblical proof and secular evidence, based on prophecies fulfilled during the past five years that we will within the next five years enter this long hoped for period, when families will be reunited and live happily on earth ever after.

If you are interested in this vital subject and desire proof of the proclamation that millions now living will never die, you are cordially invited to hear

BIG TOP SHOW IS HAPPY VEHICLE FOR MISS MINTER

The charms of Mary Miles Minter as a little daughter of the Confederacy in the picture "Jordan Is Every Woman" and the delightful comedy of "Sis Hopkins" in which Miss Minter will be seen at the Strand Monday and Tuesday, "The Little Clown" as the circus is called, furnishes a most delightful entertainment of the summer season.

"The Little Clown," is by Avery Hopwood, author of "Getting Gertie's Garter," "The Gold Digger," and a score of similar farces and musical successes. Certainly this circus should be a happy vehicle for Miss Minter. Hopwood has put into it plenty of humor, pathos and human nature, and the little star has ample opportunity to run the gamut of her emotions in her part as a waif.

BUSINESS HEROES ARE APPEARING

Jolt of Depression Caused Many Persons to Rise

PICTURE 'SINK OR SWIM'

Old Conserve Have Had Good Experiences

(By H. R. FORBES)

NEW YORK — (Special) — Just are just returning to "normalcy" after the jolt of 1920-1921 depression, and while a great many of them were found to be "sinkers" when the test came, there were also many who proved themselves to be supreme examples of that old saying that "adversity has not yet conquered any success."

"Adversity conquers," a statement which I believe, just as surely as it can beat us down, it would not be worth while to struggle against it. Many of the men who have become leaders in their respective lines, and I believe that they will become leaders in coming years, are I believe, men who have come through the depression with a greater knowledge of themselves and of their own powers, and I believe that they will become successful in the future on the same account. Let us look at a few of the men who engaged in it while it was on. I do not wish to give any fictitious names. Here are those who have come through the depression and find themselves in a position of greater power or less in the business world than they were before the depression. Let us look at a few of the men that continued to look upon the situation as a challenge and who have become or will become well known men before the depression is over. Let us look at the men who will be well known for some time to come. Let us look at the men who are not afraid to look to the future and who are supremely confident of it.

These are only two incidents of many that could be cited. Hundreds of others have come to the front in similar manner. When all reports are analyzed it will be found that not by a number of years has there been such evidence of courage, resourcefulness, ingenuity, resistance to pessimistic views and confidence in the future as has been shown during the past year. It was in it that has been evidently nothing but the fittest that have survived during the era and had to do with or come.

These men and men similar things because, perhaps, they were born with the qualities named, many of them because they were forced to develop certain qualities. Some of them demanded new knowledge and developed it. Some of them, by circumstances, were called to lead by business associates as the result of not necessarily outstanding ability, but merely because in the "pinch" they were willing to lead and were not afraid of responsibility.

One reason for a confidence in the future is that the business world as a whole, with the best, those men and organizations in charge of the policies of business, have learned a lesson that they will not forget. They have learned that they cannot expand beyond their resources, that it is folly to borrow money for any purpose except that which will produce more money and that it is folly to expand beyond the ability of the consumer to buy. They have learned that they cannot sell goods unless they can be delivered to the consumer at a price which he can afford to pay. They have learned that they cannot sell goods unless they can be delivered to the consumer at a price which he can afford to pay. They have learned that they cannot sell goods unless they can be delivered to the consumer at a price which he can afford to pay.

OPERATION OF COFFEE URN MAKES RESTAURANT

The question of whether a coffee urn, in case it is operated in connection with what is commonly known as a restaurant, was to be ruled in favor of the affirmative, by a jury in common pleas court.

Judge Charles H. Mitchell, presiding over the proceedings, has instructed Lima was made as yet to the jury, which has been locked up overnight to decide if Wandy and that person is guilty of violating the laws relative to the liquor traffic.

The words "restaurant" and "coffee urn" do not appear in the statutes in that connection, but they are used in the charge of the court to the jury, which is expected to bring in its decision on this subject.

The jury is composed of Harry Kelley, Harry Cassell and Harry Kelley.

Plan Believed Objectionable to U. S. Delegates

(By CARL D. GROAT)

WASHINGTON — (By United Press) — The meeting of premiers Briand and Lloyd George preceding the arms conference will have the main purpose of forming a defensive alliance between France and Great Britain, according to well informed opinion here. It is believed that France will insist that the alliance be extended to include Belgium and perhaps Italy.

The plan is believed objectionable to the United States delegates to the conference because it will be considered as a defensive, secondary to disarmament, although the latter will perhaps be given precedence in the conference. It is also believed that the plan will be opposed because it will tend to create a balance of power which will be contrary to the principles of the league of nations.

Should the compact be merely a defensive alliance between France and Great Britain, it is believed that it will not meet with much opposition from the United States delegates, but if Belgium and Italy are included, it is believed that the conference will be seriously hampered.

NITRO TRUCK IN COLLISION

Sturtzbaum Bakery Vehicle Smashed at Spencerville

A spectacular accident in Spencerville, in which damage approximating $1,000 was done to one motor truck, occurred late Friday afternoon at the corner of Broad and the Dalton-Lima Pike. The accident was the result of a collision between a truck of the Sturtzbaum Baking company of Lima and a motor truck belonging to Ellis Bros., Spencerville produce dealers.

The Sturtzbaum truck was driven by Ernest Hoffman, while the Ellis truck was driven by Ed. Ellis. Both drivers are employed at Spencerville.

Hoffman, who was employed as a delivery truck driver by the bakery truck company, was attempting to make a delivery truck in Spencerville, when he attempted to turn his truck around. Children Cry for Fletcher's Castoria.

Honest Advertising

THERE is a time we all have our ups-&-downs as many people are inclined to exaggerate. Yet has any physician told you that we claimed unreasonable remedial properties for Fletcher's Castoria? Just ask them. We don't answer it ourselves, we know what the answer will be.

Then it has all the virtues to-day that was claimed for it in sixty days to-day's social life in most use, its recommendation by prominent physicians and our assurance that its standard will be maintained.

Imitations are to be found in some stores and only because of the Castoria that Mr. Fletcher created. But it is not the genuine Castoria that Mr. Fletcher himself, personally placed before the public and from which he fervently expects to receive his reward. Chas. H. Fletcher

FIND WISCONSIN IS ENTHUSIASTIC OVER AUTO TRAIL

City Officials Here Grant Yellowstone Trail Blazing Car Wednesday

The 1922 official tour blazing of the Yellowstone Trail came to Appleton Wednesday, bringing the progress of the trail to the 1,000 mile mark from the Pacific coast. Four cars bearing the party of Appleton officials to points of interest in the Fox River valley section of the highway has been extended to a total of 1,000 miles.

The party was met outside the city limits by the Methmeyer Kadette band and a welcoming reception by a committee consisting of Attorney Frank Haid, Mayor Theodore Dohmen, Fire Chief Frank Wolf, Police Chief Fred Gamble and Captain W. Brady, many of whom, with members of the band, joined the party when they arrived in the official cars. The committee escorted the party to the Conway hotel where a banquet was served by the Methmeyer Kadette band.

GREETINGS FROM GOVERNOR

Greetings from Governor John J. Blaine were read by Attorney Haid. Mayor Dohmen welcomed the party in behalf of the city. Responses were made by Frank Hoffman, secretary of the Minnesota Automobile Association, and Fred Bowerman, secretary of the Wisconsin Good Roads Association. Short talks were made by Mr. Hoffman, Mr. Bowerman, Mr. Brady, Mr. Haid, Mayor Dohmen and Chief Wolf.

Following the banquet the party left for Neenah and Menasha, spent the night there and left this morning for Oshkosh.

DON'T LOSE TRAIL

All those who have had the trail in mind from the first would not be interested so much in obtaining signs and markers as in the likelihood of not losing the trail, regardless of the number of signs. Many of the signs are placed on poles which are not permanent and the committee does not imagine a year will pass before considerable loss of the signs will be experienced. It would be better, the committee thinks, if the trail could be given through cities all the way and the signs placed on permanent poles.

The party left at 8 o'clock for Oshkosh, Neenah and Menasha, escorted as far as the city limits by the Methmeyer Kadette band. Those in the party were: Frank Hoffman, Minneapolis; Fred Bowerman, Rockford, Ill.; and Stellan Anderson, Minneapolis, who will probably follow entire trail.

FILL HOLES WITH TAR ON APPLETON-MENASHA ROAD

Beginning at the eastern of the concrete Kaukauna-Appleton road, two miles from Appleton, the county is now laying concrete on the remaining mile of holes in the concrete pavement with a tar preparation. Workmen for the county of Outagamie commenced the work Wednesday morning and expect to complete it within a week or ten days, weather permitting. Dirty work today is known. The highway was built in 1917 and 1918. It is said to be unsafe and in need of repair.

Few Signs Of Suffering Are Evident In Europe

B. J. Zuehlke Contrasts Farming Methods in Germany and in France

French are planting twenty acres to a hundred farms than the farmers are said now they are about to begin in the French fields, according to B. J. Zuehlke, member of Appleton State bank, who returned this week from a trip abroad. Mr. Zuehlke and his family are now in their home in Appleton after a visit with friends and relatives in Brunswick and Hanover.

Mr. Zuehlke said there are signs that the farming plans and efforts have been satisfactory and that the crops are more than ordinarily good in France.

Germans Prosper

Germans prosper in spite of the low money value. Mr. Zuehlke said. Many of the farmers have brought fortunes from the sale of their crops, although in many cases the people apparently suffered the most. Mr. Zuehlke said he saw no evidence of starvation, but there were many people that looked as though they could stand more food. Practically all grain raised in Germany is consumed by the Germans, Mr. Zuehlke said, as nothing can come from there to any great extent. Germany is a country of high tariff walls and small farms, he said, and the people are industrious. They spend a period of two years in the army and then settle down and work continually at one job. They are not allowed to travel as they please, Mr. Zuehlke said, and must have passports to go from one city to another. Many of the people have never been out of their home city, he said.

PARIS IN PROSPEROUS

Paris is prosperous, Mr. Zuehlke said. In Paris and other cities there are many people who are not working, but they are living on their savings. Many of the people are not worth half as much as they were before the war, Mr. Zuehlke said, but they are apparently contented and there is nothing to indicate that they are not living in comfortable circumstances.

France is one of the richest parts of Europe, Mr. Zuehlke said, and is the richest country in the world. Many of the farms are small, but they are highly productive. The land sells for from $1,000 to $2,000 an acre, Mr. Zuehlke said, and the farmers are prosperous. The people and the climate are similar to those of Wisconsin, Mr. Zuehlke said, and he felt very well at home and sorry to return. The people are friendly and hospitable, he said, and the climate is very similar to that of Wisconsin.

READY TO PUT UP STRONG PLEA FOR LAKE-ST. BRIDGE

West End Residents Alarmed by Activities of Lake-st. Friends

A series of meetings is underway for the purpose of "whipping up" sentiment in favor of the Lake-st. bridge project. The meetings are to be conducted at 7:30 p. m. Wednesday and Thursday of this week. The Thursday meeting is especially important, as the matter will be finally disposed of at that meeting.

It is said that there are many residents of the west end who are not in favor of the bridge at this time, and that they will be present to protest against the project.

However, everyone here seems to be unaware of the fact that the bridge is to be built, and that the only question to be decided is whether it is to be built on the Lake-st. or the Oneida-st. site. Both sites are in the west end.

Several members of the Lake-st. bridge committee have been busy during the past few days, it is said, in an effort to line up sentiment in favor of the Lake-st. location. The interest of the Methmeyer Kadette band in the bridge project is also said to be due to the fact that the band's quarters are located on the Lake-st. site. If the bridge is built on the Oneida-st. site, it is said, the band will be compelled to move to some other location, as the building will be torn down.

Those who are opposed to the Lake-st. bridge say that the Oneida-st. site is the logical one, and that the Lake-st. site is not suitable. They say that the Oneida-st. site is the logical one because it is the natural outlet for the business district, and that the Lake-st. site is not because it is not the natural outlet for the business district. They say that the Oneida-st. site is the logical one because it is the natural outlet for the business district, and that the Lake-st. site is not because it is not the natural outlet for the business district.

"millions now living will never die" —Judge Rutherford

There is special significance in the troublous days through which the world has passed since 1914.

Out of these events will spring greater developments, involving all nations and peoples.

The Bible accurately foretold present conditions.

Its prophecies regarding the future will be fulfilled with equal exactness.

The outstanding hope held forth in the Scriptures is the hope of eternal life, and the realization of this hope is now at hand.

It will be accompanied by all that the heart has longed for—health, peace and happiness.

God's purpose in giving man a revelation of His Plan was that mankind should use it, understand it, and appreciate the principles set forth.

An understanding of the Bible broadens one's view and inspires cheerfulness and optimism.

Prophets of old have described with glowing tongue the glories of the bright day that is now dawning. Hear the subject discussed at length.

CIVILIZATION DOOMED

but—"millions now living will never die!"

Oakland Municipal Auditorium, 3 P.M. Sunday, February 15

IN A FREE LECTURE at the Oakland Municipal Auditorium, Sunday, Feb. 15, Judge Rutherford will tell the people why the greatest crisis of the ages is upon the world; why all nations are mustering their forces for the greatest conflict of all times, as foretold by the prophets o God, how that great trouble will be cut short by the Lord, and why millions now living will never die.

A FRIEND OF THE PEOPLE

President of the International Bible Students' Association and Peoples' Pulpit Association, Religious Organizations Serving the People Without Money and Without Price

Some of the Great Statesmen of the World Say:

"Civilization is doomed within this generation to a catastrophe such as the world has never known."—Lloyd George.

"The United States is preparing for war that would tax us to the utmost in manpower resources."—Secretary of War Weeks.

"The war has revealed that our civilization is pagan."—Dr. Bernard I. Bell.

"We have come to the crossroads and no one knows the way out."—H. G. Wells.

"I think it is certain that if there be another such war civilization will never recover from it."—Viscount Grey.

"The future is very dark. We have reached the twilight of civilization."—Dr. H. L. Brailsford.

JUDGE RUTHERFORD says: "After centuries of laborious effort to better conditions, man's civilization is nearing complete collapse. Selfishness has gone to seed and the harvest of destruction has begun. All nations are in distress and perplexity.

"WAR has bankrupted Europe and demoralized America, yet the nations go feverishly on preparing for more war. Modern science and education have made war more diabolical and fiendish than in the days of barbarism. The modern clergy have abandoned God, the Bible, and the Prince of Peace, and sanctify war.

"CORRUPTION and official lawlessness are brazenly manifested in all nations. Profiteers, conscienceless politicians and unfaithful clergy are in an alliance to rule the world by an unholy and vicious League of Nations. The people are fleeced, robbed and oppressed. Millions are out of employment. They have lost confidence in their leaders, and are rapidly turning to Bolshevism, radicalism and anarchy.

"DISASTER stalks abroad and all nations are rushing madly to the greatest time of trouble the world has ever known.

"HOPE for the people lies in the kingdom of God now at hand. Millions are now living who will see that kingdom in operation and if obedient to its righteous laws will never die, but will live on earth forever in happiness, peace and prosperity. The world's darkest hour is just before its greatest blessing."

REALIZING the need of an exposition of the Bible uncolored by creedal interpretations, Judge Rutherford has written a book, "The Harp of God." In this book Judge Rutherford, with the scrutiny of an earnest truth-seeker, pursues an inquiry that spares no time-honored or much-reverenced opinions not founded on the Bible.

As an additional service, a course has been arranged, allotting an hour's reading weekly. Self-quiz cards suggest questions so formed as to test the harmony of the Bible.

Great Throngs Have Heard

the heart-cheering message of Judge Rutherford during the past few months in Europe and America. Three times Royal Albert Hall, London, the greatest hall in Europe, was packed out and thousands turned away. At Magdeburg, Germany, 17,000 came. At Tacoma, Washington, 25,000; at Los Angeles, 35,000. Judge Rutherford is the only man who alone has ever filled Madison Square Garden, New York City.
